Re: Notices and/or Reports of Blue Granite Water Company of Water
Conservation Measures Filed Pursuant to Commission Regulation 103-772
Docket No. 2014-309-W

Dear Ms. Boyd:

In the above-referenced docket on May 31, 2019, Blue Granite Water Company (the "Company") filed a letter notifying the Commission and the Office of Regulatory Staff that the Company had implemented a water conservation schedule in its service territory located in Lake Wylie, South Carolina. The letter indicated that the water use restrictions were "expected to end on October 1, 2019." As contemplated in the application filed in Docket No. 2019-223-W, the supplemental water supply connection with the City of Charlotte has now been completed. As a result, the water conservation protocol will be lifted effective 5:00 pm tomorrow, October 3, 2019. The Company will provide notice to its customers through a press release, notification via social media, and a notice posted on its website.

Should you have any questions about this letter, please let me know.

Kind regards,

Sam Wellborn
